Disable cite while you write

First, disable instant formatting

In Word 2003, Go to Tools > EndNote X2 > Cite while you write preferences.

In Word 2007, Go to the Endnote ribbon then on the Tools group click on Preferences.

Uncheck the box labelled Enable instant formatting on new Word documents.

EndNote X2 Cite While You Write Preferences	X
General Keyboard Figures and Tables Application	
EndNote® X2 Cite While You Write Copyright © 2007 Thomson	
Open EndNote when starting Word	
Close EndNote when leaving Word	
$\overline{\mathbf{V}}$ <u>R</u> eturn to document after inserting citations	
Enable Instant Formatting on new Word documents	
Scan for temporary citations	
✓ ⊆heck for citation changes	
OK Cancel	Help

Close EndNote, and reopen it to pickup the changes.
