

Downloading records from ScienceDirect

1. Select the results you want to keep, then click **Export**.

2. Select the **RIS (for EndNote, Reference Manager, ProCite)** as shown below, and click **Export**.

3. EndNote will open and prompt you to select your own personal EndNote library. Your references will be automatically downloaded into this library.

Note:

Check the individual references that have been imported. You may need to edit the author names or the reference type.
