

# Downloading records from Te Puna and Index New Zealand

You can connect to Te Puna from within EndNote and download references directly.

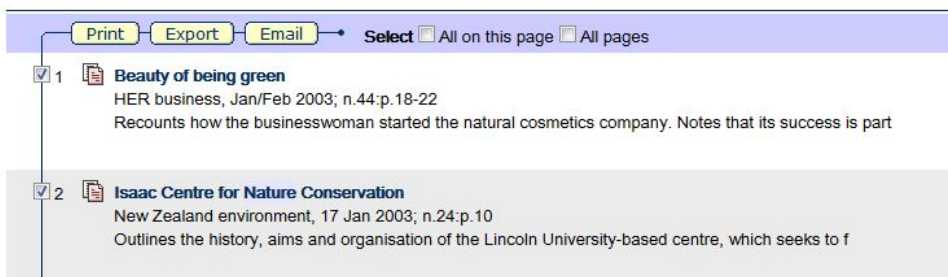

1. Start EndNote and go to **Tools -> Online Search**, or click on **Online Search** icon  in navigation bar.
2. Choose **Te Puna** in **Choose a Connection** window.

3. Conduct the search and then highlight the records you want to copy and click on **Copy to local library** icon  in navigation bar. Your selected records will be copied to your EndNote library.

**The method outlined below can be used to save records from TePuna/Index New Zealand as a txt file. This file is then imported into EndNote.**

1. Select the results you want to keep, and then click on **Export**.

2. Select the **Export Format** and click **Click to export**.

## Export results

To export this result, choose the desired format and click Export

Export Format EndNote citation

[Click to export](#)

**Title:** The beauty of being green

**Author:**

**Title:** The Isaac Centre for Nature Conservation

**Author:**

3. Save the page as a **txt** file.
