

Definitions and naming conventions

Definitions

Fault based rupture name: Fault name

Distributed seismicity rupture name: lat_lon_depth~mw_tect_type

Rupture Id: {rupture_name}_{ERF_name}

Fault location name: rupture name

Distributed seismicity location name: lat_lon

Naming conventions

pSA_X.Y: Naming convention for spectral acceleration period IMs

ds_nhm: The original distributed seismicity nhm file

custom_ds_erf/ds_erf: Custom distributed seismicity ERF format

ffp/path: full file path
