## Printing a copy of your EndNote library

8

This method shows how to produce a copy of your EndNote Library independent of any intext citations

## The Copy Formatted method

- Open EndNote, select the references you wish to print out and **select the Output style** you wish to use
- In EndNote go to Edit | Export
  Save the File as Copy
- Save the File as Copy
  Formatted
  Open Word and paste the
- references into Word
- **Be patient** as the process may take some time
