

2017-03-15 GM Simulation Meeting notes

Date

15 Mar 2017

Attendees

- [Sung Bae](#)

Goals

Discussion items

Time	Item	Who	Notes
		BB	Workflow modifications to ensure that: (1) for site-specific locations we obtain the velocity profile (that can be used for a site-specific 1D profile for HF simulation; and (2) that Vs30ref can be obtained on a site-specific basis for site response modification factors
		SB/SS	Figures for "publish" - can we have them ready after the monthly drill?
		SB	Workflow version - Summary of changes
			Monthly drill - what to focus

Action items
